SKILLS

Technical Skills: RESTful APIs, MongoDB, Express.js, Node.js, Redux, React, JavaScript
Soft Skills: Time Management, Teamwork, Problem Solving, Effective Communication

EXPERIENCE

Self-initiated / Team Lead in Hackathon | *Project Lead / Full Stack Developer*
Feb 2025 - Feb 2025
- Led a team to develop the Employee Productivity App during a hackathon.
- Built task management, progress tracking, and real-time notifications features.
- Integrated React for front-end and Node.js for back-end functionality.
- Implemented AI algorithms to improve productivity insights.

PROJECTS

MediCare – Prescription & Inventory Management App |
- Deployed Link : https://v0-swapnilcare-ui-design.vercel.app/
- Github Repo : https://github.com/SaimMeEr/Pharmacy-Mangement-Tool
- Developed a full-featured pharmacy management application using React and Firebase for prescription handling, medication scheduling, and patient record management.
- Implemented real-time features for pharmacists and patients, ensuring an intuitive user experience.
- Utilized Firebase Realtime DB for efficient data management and React.js for front-end development.
- Collaborated on designing the application's user interface with Tailwind CSS for streamlined styling and responsiveness.
